The pious festival of Gayatri Jayanti is on 22nd June (*Jyeshtha Shukla Dashami*). This is the festival of the manifestation of the divine consciousness and righteous knowledge of Mother Gayatri, and that of Mother Ganga, the bestower of all round purity. Also, this is the *Mahanirvan Divas* of the great Sadhak of Gayatri, YugRishi Poojya Gurudev, Revered Pandit Shriram Sharma Acharya; on 2nd June 1990, i.e. the day of Gayatri Jayanti festival, he left his physical sheath and merged with the supreme consciousness of YugShakti Gayatri. Now, his introduction is Gayatri, and the introduction of Gayatri is he himself. By following a lifestyle dedicated to the principles of Mother Gayatri, one can feel both him and Mother Gayatri.

Gayatri and Ganga are an integral part of all that is good for us. Sun God signifies purity and brilliance in our life. Gayatri is associated with Savita, and through Gayatri Mantra we imbibe the brilliance of Savita; Mother Ganga is associated with Lord Shiva.

As our capability as a Gayatri Sadhak will increase, we will be able to contribute more and more towards relieving Ganga from various curses. It is said that Gayatri is relieved from curses through noble behavior, endeavors to imbibe brilliance, and walking together on the righteous path. When Gayatri Sadhaks will together take a pledge - '*vayam rashtre jagriyam purohitah*' - all of us, Gayatri Sadhaks, will together arouse and enlighten the nation, then Ganga will also be relieved from pollution. Ganga has to be relieved from pollution, and we have to relieve ourselves also from the pollution in various aspects of our life.

Contemplate on these points on the pious festival of Gayatri Jayanti, and the parijans should strive to imbibe the following principles. First - May our thought process become one with the divine Brahmi Consciousness, then we will be able to relieve Gayatri from the curse of Lord Brahma. Second - When our character will be pure like Vishwamitra, when we will be able to remove all the weaknesses of our character, then Gayatri will be relieved from the curse of Vishwamitra and bestow various virtues. Third - When our behavior will be filled with immense generosity, compassion and decency, then we will be able to relieve Gayatri from the curse of Vashishtha. In order to feel Poojya Gurudev, take a pledge to convey his thoughts to more and more people, and donate more and more time and resources for the tasks assigned by him. This is the basic principle for feeling extremely close to our divine spiritual master.

May the energy of spiritual practices of Revered Gurusatta and Mother Gayatri manifest in the lives of parijans in the form of righteous thoughts and righteous contemplation, may they be filled with the purity and piusness of Mother Ganga; please accept this blessing on the pious occasion of Gayatri Jayanti.
